

FREEDOM
KINNEX[™]
MICROPROCESSOR ANKLE/FOOT SYSTEM

Reconsider *everything* you thought you knew about MPC Ankles.

Kinnex[™] integrates the world's fastest responding microprocessor ankle technology and a carbon fiber foot to provide users with a uniquely stable and natural walking experience. Whether on flat, angled, smooth or uneven terrain, patients will enjoy the heightened confidence that comes from staying firmly grounded and feeling connected with every step — in both wet and dry environments!
